FIFTY-SECOND YEAR No. 39.

CEDARVILLE, OHIO, FRIDAY, SEPTEMBER 6, 1929

PRICE, \$1.50 A YEAR

HALF MILLION IN TAX MONEY DISTRIBUTED

County Auditor R. H. Creswell has completed the distribution of tax money among the various taxing districts in the county. The amount distributed was \$519,000. More than half or \$282,174.94 was divided among the various school districts.

The total for municipalities in the county was \$57,498.99. Townships, \$42,893.84.

In the settlement, \$89,313.31 goes to the general county fund, with a distribution of \$30,201.88 to the county road fund. The states gets \$10,624.38 for general taxes and \$4,392.79 for the county's share of workmen's compensation.

The detailed settlement to townships, city and villages and schools, follows:

BOY-IN-CHIEF OF AMERICA IS JUST A REGULAR FELLOW

"CALL me Bill," said the "Brightest Boy in the United States," "just call me Bill."

That about tells a complete character story of Wilber Brotherton, the 16-year-old protégé of Thomas A. Edison and the youth chosen from the West Orange, N. J., brain clinic to follow in the inventor's footsteps.

Born in Detroit, Wilber Brotherton is a Detroit born, but reared at Port Madison, Wash. (His grandfather was Wilbur Brotherton, son of J. H. Brotherton and born on the Federal pike on the Arthur Cummings farm). He surpassed other youths from 47 states and the District of Columbia in the genius seeking examination that Edison gave to find an heir apparent to his scientific throne, whereupon a radio announcer termed Edison's prodigy the "brightest boy in the United States."

There is nothing wishy-washy, soporific, egotistic or self-satisfied about Bill Huxton. He looks like a scholar in his shell-rimmed glasses. He demonstrated at the Edison examination that he was a scholar, an able one, equally at ease with divergent technical and common-sense questions like what the elements of salt are and what to do with \$1,000,000.

Bill has the average boy's detestation for the word "prodigy." He doesn't like the word and he says so. Nevertheless, the world looks at him as Edison's own prodigy.

Bill has another viewpoint. "I am," he says slowly as if working out a problem in physics, "just a boy with an exceptional opportunity."

That's what Bill thinks and he sticks by it.

He became a national character overnight in the approved American fashion of becoming a celebrity, and the revolutions of fame have been all too bewildering, this hobnobbing with legendary Edison and finding him humorous, with Lindbergh the modest, and Mayor Jimmy Walker, the per-

COURT NEWS

SALE FOUND NECESSARY

In the case of Robert Wright administrator de bonis none with the will annexed of the estate of Thomas Enoch, sale of real estate was found necessary and the court appointed W. H. Shields, R. J. Watkins and L. P. Hilliard appraisers.

The petition sets forth that the defendants bought half a dozen baseballs, a set of bases, three bats and twelve uniforms, lettered, at a cost of \$172.90.

Time to Come Back

Young Daughter Saved From An Untimely Death

The eighteen month old daughter of Mr. and Mrs. Collins escaped an untimely death, Monday, when carpenters working on a barn, heard the cries of a child in the weeds over in the hog lot. The men after seeing a sow with what was taken to be part of a dress hastened to the scene where they found the helpless little one down with five saws around her.

She had been bitten on the face and the limbs and had several bruises. Dr. C. H. Schick was called and administered serum at once. The child is improving but the time for blood poison has not yet passed. The hogs had become angry and when Mrs. Williams entered the lot attempted to attack her, but were beaten off by James Stormont.

Edwin Dean Won Trip To Convention

Columbus, O. — Edwin Dean of Greene county has won the trip to the mid year sales convention and vacation of the Ohio Farm Bureau Corporation at Indian Lake September 4, 5, 6 and 7. He was among the 130 high Farm Bureau commodity distributors and service managers in Ohio it has been announced by the home office here today.

For the four day vacation the men will combine recreation with training school sessions. Heads of various Farm Bureau departments will outline plans and policies of the organization in an effort to acquaint the men better with the company's activities. Harry Newman Tolles, head of the Sheldon School, Chicago, will hold two open sessions in salesmanship.

In addition to the distributors and service managers, more than a hundred agents of the Farm Bureau Mutual Automobile Insurance Company will attend the convention.

Good Prospect For Buckwheat Crop

Although the weather has been too cool for best growing conditions for buckwheat, W. A. Robe of South Charleston, reports that he has good prospects for a heavy crop from the 170 acres that he has growing. It is about eight inches in height and rains have fallen frequently enough to furnish plenty of moisture.

Mr. Robe sowed the buckwheat after taking a crop of oats from the ground. The ground was disced and culled-packed before the seed was broadcast. The crop needs about four weeks of growing weather before frost to mature, Mr. Robe believes.

Prizes Awarded In Xenia Flower Show

First prize in the Xenia Garden Club's flower show held Labor Day in Shawnee park, Xenia, was awarded to the Eleazar Church, located on the Wilmington pike, for its display. The prize was \$20.

Second prize of \$10 went to the Second United Presbyterian Church and third prize of \$5 was awarded the First United Presbyterian Church.

Distribution of \$85 prize money among individual exhibitors has not yet been completed. The money awarded the organization was donated by B. H. Slagle while that given to individual exhibitors was posted by the Xenia Garden Club.

CANDIDATES ARE ENTERED FOR ELECTION

The time limit for filing for the coming municipal, township and board of education election in November expires today and there are a number of new names to be found in the list.

In the village Mayor D. H. McFarland will not be a candidate for reelection after having served in that capacity for a number of years. A. E. Richards has filed and will not have opposition so far as can be ascertained at this time.

For council the present members will seek re-election as follows: Leo Anderson, J. W. Ross, D. E. McFarland, Ralph Wolford, J. A. Stormont and L. F. Tindall.

For clerk, J. G. McCorkell. Treasurer, Karl Bull. Marshal, H. A. McLean.

In the township W. W. Trout is filed for clerk. In the race for township trustee the two members serving at present, M. W. Collins and Wilbur Conley have filed. Hugh Turnbull, Jr. and Ralph Gilbert have also filed making a list of five to choose in selecting the three coming trustees.

Constable H. A. McLean.

There will be three vacancies on the township Board of Education. The terms of W. J. Tarbox, R. C. Ritenour and G. H. Creswell, expire. Messrs. Tarbox and Creswell have filed while Mr. Ritenour will retire. Two new names have been filed, Fred Clemans and Charles W. Graham.

Five Cars In Crash On Pike Wednesday

Mrs. Mary Beckett, R. 2, Xenia, and Mrs. Lillian Rector, R. 3, Xenia, received injuries which sent them to a Xenia hospital Thursday morning when their car turned over in a five car crash on the Bennett hill on the London pike. They were brought to the office of a local physician, where first aid was given.

The accident is said to be due to a truck belonging to Arthur F. Koons, Westerville, and driven by W. Freeman, which developed motor trouble and came to a stop partly on the pavement. A Chrysler machine crashed into the rear of the truck. C. W. Dym, R. 5, Springfield, was following the Chrysler and put on his brakes when he saw the accident. As he slowed up his machine was struck in the rear by a Hupmobile driven by H. M. Paige, Middletown, who in turn was hit by the Chevrolet of the Xenia party.

The Xenia machine, driven by Robt. Beckett, was overturned, and all of the machines were badly damaged.

Sellers Will Is Contested In Court

Mrs. Gladys Sellers Townsend, Dayton, is contesting the will of her father, the late Addison O. Sellers, wealthy Greene county farmer, in action brought in common pleas court Tuesday.

The action is brought against Caroline Sellers, widow, and H. E. Sellers as executors, and as individuals, Charles E. and the plaintiff and other beneficiaries. Addison Sellers died last May. The will was dated June 18, 1926, and was probated June 4, 1929. The suit charges that the document is not the valid last will and testament of Addison Sellers.

Special Pullman For Louisville A. L. Convention

Greene County members of the American Legion will travel to the national Legion convention in Louisville, Ky., in a special car if arrangements now being attempted are carried out successfully.

Legionnaires backing the plan need twenty-five fares to obtain the special Pullman to the convention, the fares being \$18 each. The passengers taking advantage of the special will enjoy a stopover privilege at Indianapolis, Ind., to visit the national headquarters and will have the use of the Pullman during the four-days of the convention. The Pullman will leave Xenia Sunday and return Thursday.

Anyone wishing to attend the convention in this manner is asked to get in touch with George Suggden, deputy Sheriff or some other member of the post.

More Interest For Fort Ancient

An appeal for greater local interest in Fort Ancient was made to the Lebanon Rotary Club recently, when Harry R. McPherson, by proxy agent for the Ohio State Arch. and Historical Society appeared there. He suggested that various organizations in the county take it upon themselves to make certain improvements, not necessarily expensive, on the grounds to help the state society make the old park more attractive.

He cited a number of examples of the great good done as the result of local interest. He was accompanied to Lebanon by Dr. J. M. Wilcox of New Paris, also of the Ohio society. Among the guests also was J. M. Sachel, who is the caretaker of the park.

Ohio Publishers State Fair Guests

More than 300 newspaper men and women in Ohio were the guests of the Ohio State Fair management last Friday when a luncheon was given at the noon hour and a dinner during the evening. Gov. Myers V. Cooper was an honored guest at each event with executives in charge of the fair.

Perry L. Green, state director of agriculture paid a compliment to the newspapers of the state in giving credit to the publishers as being one of the greatest factors in promoting the success of the fair this year.

Gov. and Mrs. Cooper met many people during the day and the Chief Executive made a short speech following the evening banquet. Gov. Cooper spent much time at the fair during the week, an institution he has been greatly interested in. The attendance broke all records and the exhibits exceeded any previous year. Plans are already under way for greater improvements on the grounds for the coming year.

NED BROWN OPERATED ON FOR APPENDICITIS

Ned Brown, son of Mr. and Mrs. H. H. Brown, underwent an operation for appendicitis at the McClellan hospital in Xenia, Sabbath. The lad had been ill for several days but lacked indications of appendicitis until that day. When the operation was performed it was discovered that the appendix had burst. He continues to improve and all indications point to an early recovery.

Hagar Paper Co. Picnic On Saturday

The Hagar Straw Board & Paper Co. annual picnic for the employees will be held Saturday at the Gun Club Grounds. The employees and their families will gather about 10:30 A. M. when various contests and races will be staged.

Dinner will be served at noon following which will come the shooting match, horse shoe pitching contest and two baseball games, one for the men and one for the women. It is expected that more than three hundred persons will attend the picnic.

Council Passes On Routine Business

Council met in regular session Monday evening, but only business of a regular routine was transacted. The usual monthly bills were allowed.

There was no legislation relative to the waterworks proposition as council must await the time required following the passage of the first ordinance and the serving of the notices on property owners. It is expected that the report on sewerage will be presented by Engineer Wight of Dayton, at the next meeting.

Ernest Rockhold Is New Deputy Auditor

Ernest R. Rockhold, has resigned his position as assistant cashier and teller at the Farmers' and Traders' Bank, Jamestown, to become deputy county auditor under Auditor Paul H. Creswell. He entered upon his duties Tuesday succeeding William Wead, son of R. O. Wead, who is now deputy state auditor. Mr. Wead will enter Ohio State University.

Miss Helen Dodds Now On Second Term

Miss Helen Dodds, county treasurer, entered upon her second term, Monday following the election last November. The term is for two years and under the law both county treasurers and sheriffs are limited to two consecutive terms.

Paul Townsley Home From Dayton Hospital

Paul Townsley, who has employment with the Frigidare Company, Dayton, left the Miami Valley Hospital Monday, where he had been for several days following an accident while working at the plant. A water cooler cover fell and struck him on the head rendering him unconscious for several hours.

R. C. Ritenour Is Winner At Pomeroy

R. C. Ritenour won signal honor at Pomeroy, Ohio, Monday, when he broke 147 out of 150 target shooting at 16 yards at the gun club shoot. O. C. Voss, Columbus, and L. G. Gribble, Pomeroy, were tied for second place, each breaking 145.

Mr. Rance McClellan, of South Charleston, visited his sisters, Mrs. Ellen Weimer and Mrs. W. P. Townsley, Sunday.

NATURE MONTH BY MONTH-SEPT.

By Prof. Allen C. Conger, of the Department of Zoology, Ohio Wesleyan University

SEPTEMBER — and summer dies amid the dirge of tolling school bells. Our little friends in fur and feathers need neither almanac nor calendar to tell them of the passing of the season, for the green robes of Dame Nature now begin to change to varied hues which foreshadow the glorious beauty of the autumn landscape.

This is the season, too, when the lace of fairy weavers is to be seen on lawn and weed and bush, for the work of spiders seems to grow more evident as summer wanes and autumn draws near. The flat platforms among the grasses of lawn and pasture are revealed by the morning dew. In one corner, in a tube or funnel of silk is hidden the spinner of the web, as it lies in wait for luckless insect victims. The beautiful orb web of the garden spider and its allies is seen in all its perfection, where tall weeds or shrubbery afford the necessary support.

Much more interesting than the homes and snares of silk are the long strands which stream across our path or are borne along on a day of gentle steady breeze. Sharp eyes will often detect the little astronaut who seeks new fields of adventure, not on a magic carpet, but on a single thread of gossamer silk. That long journey is thus possible is evidenced by the observation of ballooning spiders hundreds of miles out at sea.

It is really too bad that the virulence of spider venom has been so exaggerated as to cause a general fear of the members of this interesting group of animals. In the more north-

LOCAL SCHOOLS OPEN WITH LARGE ENROLLMENT

The Cedarville Public Schools opened on Monday, September 2, with an enrollment of 403 pupils in all twelve grades. This number is 17 larger than last year for the opening day.

The High School students were assembled in the auditorium for the opening Chapel program. Each member of the Faculty was called upon to make a brief talk by Superintendent H. D. Furst. Two new members of the teaching staff viz: J. Clark Baker, the Athletic Coach and Genevieve Jamieson were introduced to the students. All of the teachers responded with interesting and appropriate remarks.

Rev. Webster of Clifton U. P. Church, delivered an interesting address. He emphasized the value of an education and the importance of our educational institution. It was a very practical talk and thoroughly enjoyed by all present. Rev. Fox of the Clifton Presbyterian Church was also present and gave words of greeting to the students as a response to his introduction.

The local ministers, Reverend Harman, Jamieson and Gunnert were present. They had the devotional part of the exercises and also responded with very appropriate remarks.

Two members of Board of Education, W. J. Tarbox and J. S. West were present. Music was under the direction of Mildred Foster.

After dismissal from Chapel, the students were instructed to go to their Home Rooms, where they received their class schedules and awaited their turn to purchase books at the Book Room.

The Elementary grades (1-6) were next assembled in the auditorium. A similar procedure to the High School Chapel took place. Each teacher gave a brief talk. Two new grade teachers, Ruth Lewis, Fourth grade and Christine Smith, Second grade were introduced. At noon the entire school was dismissed until Tuesday morning.

Enrollment

The pupils are fairly well distributed regardless of the heavy enrollment. The enrollment for each grade is as follows: First grade, 43; Second grade, 46; Third grade, 54; Fourth grade, 41; Fifth grade, 46; Sixth grade, 44; Seventh grade, 33; Eighth grade, 33; Ninth grade (Freshman), 35; Tenth grade (Sophomore), 30; Eleventh grade (Junior), 25; Twelfth grade (Senior), 34.

Six Year High School

This year the schools are operating under a six-year charter. This means that seventh and eighth grade pupils are high school pupils, the same as in the upper four years. The chief advantage of this plan is departmentalized instruction. The six-year plan is not only endorsed by the State Department of Education but they prefer it in high schools with an enrollment of 125 or more students in grades 7-12.

Lower Floor Decorated

The Board of Education had the lower floor decorated this summer. The first six grades are in these

CRAFTSMANSHIP

In our windows this week The Rike-Kumler Company pays tribute to beauty in craftsmanship. Here you may see artisans engaged in the actual making of Rugs, Rookwood Pottery, Dinnerware and other objects of utility and beauty. We are especially happy to be able to show the fine work which is being done by Dayton students. The Dayton Public Schools, under the direction of Miss Susan Odlin, are represented by a series of exhibits of arts and crafts. The Dayton Art Institute is represented by a window display called "The Sculptor's Studio" under the direction of Mr. Seigfried Weng. Another exhibit of interest is that of Ivory Soap Sculpture, which includes some of the national prize-winning pieces. . . . These windows may be seen during the entire week starting Tuesday, September 3. Actual demonstrations will be in progress in these windows during the hours of 12 to 1 o'clock and 3 to 4 o'clock each day. . . . The exhibits are as follows:

The Making of Rookwood Pottery
Dinnerware in the Making
Colonial Rug Weaving
The Dayton Art Institute Display "The Sculptor's Studio"
Marine Paintings by Mr. Gordon Grant
Etchings by Mr. Charles A. Barker
Community Plate Silverware Exhibit
Ivory Soap Sculpture Exhibit
The Story of Silk
The Making of Bigelow-Hartford Rugs

For Speed Power and Pick-up... a six without a rival at its price

Without a single exception, the Pontiac Big Six is the fastest, most powerful six of its price available today. Its sturdy, 200 cubic inch, L-head engine develops 60 horsepower at moderate engine speed. Its speed and acceleration are the fastest to be found in any low-priced six, according to the "fifth wheel"—the most accurate speed measuring device known to automotive engineers. Unquestionably, today's Pontiac Big Six is the performance leader of its price field—and the style and value leader as well.

PONTIAC BIG SIX at \$745

If you are interested in a car costing anywhere near Pontiac's price, your own interests demand that you see and drive today's Pontiac Big Six. And when you come in, bring your present car for our appraisal. Its value will probably cover the down payment, leaving only a few dollars per month to pay. And, as you pay, you will be enjoying the finest car of its price the market affords.

Consider these delivered prices as well as the total cost when comparing automobile values. Pontiac's delivered prices include delivery and the charge for any additional accessories or financing desired.

Local Schools Open With Large Enrollment

(Continued from page 1)

rooms. It has added immensely to the attractiveness of the rooms. The Faculty and the pupils appreciate this improvement very much.

The pupils as well as the teachers undoubtedly will enjoy their change of environment. Every effort is being made to keep these rooms absolutely free from marks at all times.

Mr. John W. Ross, who has charge of the care and maintenance of the school building, has worked practically the entire summer to get everything ready for the opening of school. The building is in excellent condition and Mr. Ross deserves much praise for his interest and efficiency in looking after the appearance as well as the sanitary condition of the entire school plant. It is a responsible position which demands a great deal of time and attention.

New School Buses

A new six cylinder bus has recently been purchased by the Board. After discontinuing the Corry School it was found necessary to provide more transportation in that vicinity. Last year the Busses were overcrowded and the eliminating of the one-room school made it imperative that something be done to relieve the situation. This makes a total of six buses.

Clifton has also purchased a new bus.

Mr. Lowery has charge of the care and operating of the buses. They are all in good running order. Some re-couping was necessary but it is hoped to have the bus schedule going smoothly by the end of the first week.

Science Equipment Added

A complete laboratory has been equipped to provide for the Biology, Physics, Chemistry and General Science. It is next to impossible to even attempt the teaching of any science without proper laboratory facilities to take care of the various demonstrations and experiments. Parents are invited to visit this laboratory and observe the work that is to be conducted in this field. It will be ready for inspection in about two weeks.

Music

Special attention is being given this year to music, both Vocal and Instrumental. Mrs. Foster, who has charge of the Vocal music will be with us two full days per week as in the past.

We are endeavoring to create more interest for Instrumental Music. It is the plan to have this special subject taught by classes instead of having private lessons. In this way the cost will be reduced considerably. The larger the enrollment, the lower will be the cost per lesson. It is hoped to have an enrollment sufficiently large to reduce the cost to 20 cents or even 15 cents per lesson. This, however, will depend entirely upon the interest shown for this line of work.

Parents are urged to investigate this proposition and permit their pupils to take advantage of the opportunity to secure high grade instruction at a minimum cost for the pupil. It is planned to begin this type of music the second week of school. More detailed and extensive information will be published next week.

Physical Education

A complete Physical Education program has been outlined. Every pupil in school (grades 1-12) must take this work two periods per week. This is compulsory under the school code of Ohio, unless excused by a Physician's Certificate. Students who are taking part in Football or Basketball will not need to enroll for the Gym work.

Coch Baker will have charge of the boys and Miss Jamieson will instruct the girls in Physical Education for the High School. It will be necessary for each elementary teacher to take care of this requirement in connection with her own regular class-room work.

The Commercial Department
This year we have a full-time Commercial Department. Last year the Board of Education provided for half-time instruction in commercial subjects but the demand for this type of work increased so rapidly that it was found necessary to offer a more enriched curriculum for this department.

The Commercial courses offered this year are: Shorthand, Typing, Bookkeeping, Business Law, Salesmanship and Business English. Mrs. Lane is the regular Commercial teacher. Also Miss Rife and Miss Jamieson teach one commercial subject each along with their other subjects.

Typing and Shorthand seem to be more in demand than the other commercial subjects. Another typewriter has been purchased making a total of ten machines available for class work.

Class Organization

The high school classes organized Wednesday morning with the following results: SENIOR—President, Veronika Black; Vice-president, Doris Hartman; Secretary, William Beatty; Treasurer, Carter Abel, Jr.
JUNIOR—President, Paul Rife; Vice-president, Gladys Pullin; Secretary, Frances Straley; Treasurer, Dorotha Corry.
SOPHOMORE—President, John Webster; Vice-president, Paul Reed; Secretary, Lolla Griffin; Treasurer, John Tobias.
FRESHMEN—President, Ruth Kimble; Vice-president, John Richards; Secretary, Joe Waddle; Treasurer, Margaret Fox.

8th GRADE—President, James Anderson; Vice-president, Lowell Northrup; Secretary, Dorotha Burbs; Treasurer, Edna Sipe.
7th GRADE—President, Justin Hartman; Vice-president, Laurence

Williamson; Secretary, Harold Jeffries; Treasurer, Harold Marshall.
Honor Roll

It is planned to continue the publication of the names of those students who earn no grade less than B and who have no unexcused absence during each six-week term.

Thirty-two men responded to the call of Coach Baker for football practice Tuesday evening. The prospects for a winning team are good, since many of the squad of last year as well as much new material reported. Watch for a complete schedule to be published soon. The first game of the season will be against Springfield, September 27. Let's plan to be there.

"The field of teaching is given instead of the subjects or classes taught."

RESOLUTION NO. 136

DECLARING IT NECESSARY TO ACQUIRE PROPERTY AND TO ERECT A WATER WORKS SYSTEM TO LAY WATER PIPES, AND ESTABLISHING A SPECIAL ASSESSMENT DISTRICT THEREFORE.

BE IT RESOLVED BY THE COUNCIL OF THE Village of Cedarville, State of Ohio: (Three-fourths of all members elected thereto concurring.)
SECTION 1. That it is necessary and conducive to the public health, convenience and welfare, that the Village acquire property and erect a water works system and lay water pipes within the Village of Cedarville, Ohio, in accordance with the plans and specifications now on file in the office of the Clerk of said Village.

SECTION 2. That it is necessary and hereby is established a special assessment public improvement district, comprising all of the territory within the corporate limits of the Village of Cedarville, Ohio, for the improvement of all of said streets and territory by the acquisition of property, the erection of a water works system, and laying of water pipes.

SECTION 3. That the grade of said streets as improved shall be the existing grade.

SECTION 4. That the plans, modifications, estimates, and profiles of the proposed improvement, heretofore prepared by the Engineer and now on file in the office of the Clerk of said Village, be and the same hereby are approved.

SECTION 5. That the whole cost of said improvement, less monies to be paid thereon by the owners of the lots and lands within said district and bounding and abutting upon all of the streets therein, which said lots and lands hereby are determined to be specially benefited by said improvement and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, the serving of said notices, the cost of construction, together with interest on bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

SECTION 6. That the assessments so to be levied shall be paid in fifteen (15) annual installments with interest on deferred assessments at the same rate as borne by the bonds to be issued in anticipation of the collection thereof; provided, that the owner of any property assessed may, at his option, pay such assessment in cash within thirty (30) days after the passage of the assessment ordinance.

SECTION 7. That notes and bonds of the Village of Cedarville, Ohio, shall be issued in anticipation of the collection of assessments by installments and in amount equal thereto.

SECTION 8. That the remainder of the cost of said improvement, not specially assessed, including the cost of interest thereon, together with fifty (50%) per cent of any real estate or interest therein purchased or acquired, shall be paid out of the general fund or by the issuance of bonds in the manner provided by law.

SECTION 9. This resolution shall take effect and be in force from and after the earliest date allowed by law.

Adopted this 2nd day of August, 1929.
D. H. McFARLAND,
Mayor of the Village of Cedarville, Ohio.

Attest:
J. G. McCOFFRELL,
Clerk.
